

UltraSoft™

Carpet for Home

UltraSoft™ is **extraordinarily soft** because its fibers are extraordinarily fine (only 5 denier per filament).

UltraSoft™ yarn is **super durable** because of its ultra high twist angle. The large yarn bundle (over 3600 decitex) is twisted 5X per inch.

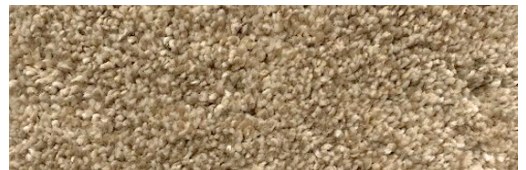

UltraSoft™ is **highly resistant** to pet stains, food stains, and other spills (100% solution dyed).

Sample SKUs

Pashmina Handle Board

HB217NF

5 boards per carton (19 kg)

Resists All Kinds of Stains

UltraSoft™ PET face fiber resists staining,
when properly cared for, even from items like:

Ketchup

Pet Stains

Red Wine

UltraSoft™ carpet
features our
**Lifetime Stain
Resistance Warranty**

UltraSoft™ PET
withstands harsh cleaners,
even diluted bleach
if rinsed thoroughly.

Colored to the Core

UltraSoft™ PET fiber is solution dyed,
which means the color goes all the way
thorough, like a carrot.

Ordinary carpet is only
colored on the surface of
the fiber, like a radish.

Solution dyed fiber
Won't fade from prolonged
exposure to harsh sunlight indoors.
